For clients who require a little more assistance, Asterisk Web Design offers a web hosting and site maintenance plan to not only give your website a home, but to have the upkeep taken care of as well. This money saving plan will help reduce your overall maintenance cost and allow you freedom to change or adjust your message as your company grows.

The primary features of this plan are:

- ★ Free maintenance of your website up to one hour per month. This usually includes typos, image changes and reordering of existing content. It also covers minor hosting work and server maintenance.
- ★ For work in excess of one hour in any calendar month, the next two hours will be billed at \$100/hr. This usually includes adding/deleting/editing product pages, adjusting site design and re-organization.
- ★ Any subsequent work exceeding three hours in any calendar month will be billed at \$50/hr.
- ★ On-call service. You can contact me any time and place a service request for site maintenance.

This plan comes with the Basic Hosting Package which includes:

Basic Hosting Package		
1GB Quota	10 Email Accounts	Unlimited Databases
3GB Bandwidth	Unlimited Email Lists	SSH / SFTP Access
10 FTP Accounts	Web Mail - POP3, IMAP, SMTP	PHP 5.2.6
